

My name is [REDACTED]

On [REDACTED], I witnessed a wreck at the intersection of MLK Dr. + Northside Dr. in Atlanta

I was waiting at the intersection. I was on MLK heading toward Peachtree. I was waiting at the light.

I saw ~~the~~ a gold Tahoe collide with a black Kia at the intersection.

~~The gold Tahoe was traveling north, and~~
The gold Tahoe was coming from my right, and the black Kia was coming from my left.

The gold Tahoe was in the left turn lane. There ~~was~~ a vehicle ahead of it in the left turn lane. The gold Tahoe swerved around the vehicle (swerving to its right) and made an improper left turn.

The gold Tahoe then collided with the black ~~car~~ Kia.

Because of ^{how} I was positioned, I was unable to see whether the black Kia was going straight or turning left.

~~The~~ From my perspective, the wreck occurred closer to the left side of the intersection than the right side of the intersection.

What I told the officer working the wreck is the same thing that appears in this statement.
